

## e-learning From Colleague to Superior

Employees who move up from colleague to supervisor face many challenges. For most, it is their first leadership role and they need to familiarise themselves with the tasks and responsibilities of a leader. At the same time, they take on a new role in the team, which can also be fraught with tension. In this E-Learning, you will be given practical approaches and tools to enable you to act quickly. Learn how to understand the expectations of the company, the supervisor and the employees and how to integrate them into your new daily work routine. You will come to terms with your new role as a manager and analyse your new area of responsibility. Successfully master the step from colleague to superior. Booking Number: 31699
