

What do you think? Who is opening themselves to prosecution in these examples?

e-learning

Data Protection

Personal data is a valuable commodity. Therefore, it is also specially protected by legislation. This means that all employees in your company that work with personal data, for example that of customers, suppliers, colleagues and applicants, have to comply with national regulations and laws as well the corresponding guidelines and regulations of the company. With this e-learning, you can train all employees on this sensitive topic and thus ensure the correct handling of personal data in your company.

Booking Number: **34025**
